## Endcore Mounting Bracket

[www.xtriminc.com](http://www.xtriminc.com)

We are manufacturing many type of Encoder Mounting Brackets.  
We have two standard model for match customer requirements.

### 1. XT-ENC – TYPE- I

This assembly is made from casting housing & harden shaft with precise machining & precise assembly.

Timing pulley mounting diameter – 30 H7  
Max. r.p.m. – 6000  
Noiseless operation  
Encoder mounting bore diameter – 52mm

### 2. XT-ENC – TYPE – II

This assly is made from steel housing & harden shaft with precise machining & precise assembly.

Timing pulley mounting diameter – 20 H7 / 30 H7  
Max. rpm. -6000  
Noiseless operation  
Encoder mounting diameter – 52 mm  
Housing outer diameter – 72.5  
Ease in aligning

We can also design & manufacture customized requirement for encoder mounting bracket.
